Finished Process paper – written in past tense (1 per group)

A process paper is a description of no more than 500 words explaining how you conducted your research and created and developed your entry. All categories except historical papers must include a process paper with their entry. The process paper should include the following four sections: (1) explain how you chose your topic, (2) explain how you conducted your research, (3) explain how you selected your presentation category and created your project and (4) explain how your project relates to the NHD theme. Go to www.nhd.org and in the *Contest* section click on *Creating a Process Paper* to view sample process papers.

Mrjohnsons.net has a link to PA's rules for website entries as well as printed copies provided with this paper.
